WEDDINGS BY STUDIO 22

WHO AM I?

Hi! I'm Sam,

Photography for me combines everything am passionate about, my family, creativity, art and capturing important moments in time.

I have spent the last 19 years learning and growing as a photographer. Since I can remember I have had a camera in my hand.

Although I am relatively new to wedding photography world, I am absolutely loving being involved in peoples lives through the art photography. I have a deep appreciation for the meaningful bonds forged during each unique photography session.

I am a mum to two cheeky children and understand how children act so there is no pressure, my aim is to capture their individual personality's to cherish for years to come.

Like anything in the art world, I provide a unique style of photography and aim to capture images that are simple, natural and true. I want you to feel comfortable and relaxed, each session is based on fun and laughter so don't worry about having to sit still for a long period of time all sessions are fun and relaxed.

If your looking for someone to capture your special moments, who is fun, easy going then I may be the one you a looking for.

WHAT IS YOUR APPROACH TO WEDDINGS?

The last thing I want is for you to feel like your photos are nothing like the real you. Overly posed pictures? Not my style for any photography, and I'm guessing it's not yours either.

My approach is simple: let's create an atmosphere where you can be yourself, where you feel at ease. I'll offer enough guidance so you don't feel lost, but not so much that it becomes a forced and awkward affair. I'm here to capture the authentic you.

I understand, getting in front of the camera can be an unusual and self-conscious experience, especially for the guys. That's why I'm all in for making it a bit more comfortable – perhaps with a beer or four on our photo adventure. Anything to help you relax and be in the moment.

Sure, having your picture taken can be a bit weird, but by the end of your wedding day, my aim is for you to look back and think, "Hey, that wasn't so bad. In fact, I enjoyed that!"
